

Heavy Duty Castors

- **For loads up to 410kg per castor.**
- Very robust welded steel construction with hardened double headrace bearings and grease nipple.
- Urethane on cast iron wheels are durable and well proven. They do not deteriorate in oil and are resistant to most chemicals, do not pick up metal fillings and are easy on floors. All have sealed precision ball bearings to ensure easy running and long life.
- Available in swivel, fixed and total locking brake.
